The Gemstone 1930-DL Small/Large kitchen sink provides a seamless kitchen sink in any solid surface sheet material, acrylic, polyester or blended. With the large bowl, even the largest pans and cookie sheets fit into it for washing with a practical smaller prep sink on the right and a faucet landing that helps contain water and debris in the sink vs. the counter-top. Solid surface has excellent chemical resistant properties. This sink fits well in a 36" cabinet.

Gemstone Sinks are compatible and warranted when used with all major solid surface sheet brands with the same sheet warranties.

 Gemstone supports conservation and green building practices. Gemstone Packages all products in 100% recyclable packaging using boxes made primarily of recycled paper.
