

## 1729-D Kitchen Sink

I.D.: 29" x 16 11/16" (737 mm x 424 mm)

Depth: 9" \* (229 mm)

\*Depth does not include counter top thickness

The Gemstone 1729-D is Gemstone's redesigned 3119-D model. The tighter radii, sleek curves, steeper side walls, and narrower sink divider offers nearly 22% more usable floor space at the bottom of the sink. The offset drains allow the sink to drain better

when dishes are in the sink. The lowered divider bar offers an aesthetic improvement to the sink as well as easier routing and sanding for the fabricator. This redesigned European style double equal kitchen sink provides a seamless kitchen sink in any solid surface sheet material, acrylic, polyester or blended. This sink fits well in a 36" cabinet.

Gemstone Sinks are compatible and warranted when used with all major solid surface sheet brands with the same sheet warranties.

Gemstone supports conservation and green building practices. Gemstone Packages all products in 100% recyclable packaging using boxes made primarily of recycled paper.

Gemstone sinks are proudly made in the USA and certified by:
